14. Rules and Regulations

Men: Competition Format & Rules

Dives: 5 dives

Day 1: 1 required and 1 intermediate dive Day 2: 1 required and 2 optional dives

Required dives: Have a DD limit of 3.8, the dives must match the 3.8 DD or be above it to receive 3.8, for example a dive with a DD of 3.6 will only receive 3.6. The two required dives must be from different take off positions.

Front, back, reverse, inward and armstand.

<u>Intermediate dive:</u> Has a DD limit of 4.1. The dive must match the 4.1 DD or be above it to receive 4.1, if for example a dive with a DD of 3.9 will only receive 3.9. The athlete can do any dive from the 9 groups, none of the rules of take-off positions and the dive groups apply to the Intermediate dive.

<u>Optional dives</u>: The two optional dives must be from different groups from the 9 Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives.

Men: General Dive Requirements

- 1. Divers perform 5 dives from a height of 27m (plus or minus 1m can be adjusted). There are a total of nine groups. Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives.
- 2. The two required dives must be performed from different take off positions. There are 5 take off positions (front, back, reverse, inward and armstand). The degree of difficulty for each required dive is 3.8. To clarify: Front double half twist and front double 11/2 twist are different groups, but the same take off position. DD limit of 3.8. The dive must match the 3.8 DD or be above it to receive 3.8, for example a dive with a DD of 3.6 will only receive 3.6. The two required dives must be from different take off positions. Front, back, reverse, inward and armstand.
- 3. <u>Intermediate dive</u>: Has DD limit of 4.1. The dive must match the 4.1 DD or be above it to receive 4.1, if for example a dive with a DD of 3.9 will only receive 3.9. The athlete can do any dive from the 9 groups, none of the rules of take-off positions and the dive groups apply to the Intermediate dive.
- 4. Optional dives: The 2 dives must be from different groups from the 9 Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives.
- 5. <u>Starting Order:</u> The starting order shall be determined by a lucky draw before the first day of competition.

Day 1: One required and one intermediate dive. The dive order will remain the same for both rounds.

Day 2: One required and two optional dives. There will be a reverse starting order, which is determined by the total score of the two dives from Day 1. The lowest score goes first and the highest score goes last etc.

The final round will be in reverse order determined by the total score of the four dives from Day 1 and 2. Once again the lowest score goes first and the highest score goes last etc.

- 6. A list of dives for each diver shall consist of two required dives with a degree of difficulty for every athlete (3.8), one intermediate dive with a degree of difficulty of (4.1) and two optional dives assigned a degree of difficulty computed from the 2010 HDA table.
- 7. The divers can change the second optional dive after the fourth round. The head judge has to be notified five minutes after the end of the fourth round. None of the dives can be repeated. If a diver repeats his optional dive then a penalty applies to the second dive, which will be given a maximum DD of 3.8. In addition should the group of the two optional dives be the same, the maximum DD is 3.8.
- 8. <u>Balks</u> will receive a 2 point deduction from each judge for the first balk. Another 2 point deduction for the second balk and be considered a failed dive on the third balk. A balk is considered an interruption in movement after the diver does his press immediately before the dive. For arm stand dives it is the point when both feet leave the platform (use FINA definitions).
- 9. Running take offs on forward dive groups (including twists) are allowed, given there is enough space for the approach.
- 10. If the diver enters the water with his hands up on a feet first entry, he can only receive a maximum score of 5 points by each judge (Head Judge will announce this to other judges). Judges keep in mind that the 5 points would mean a perfect execution of the entire dive with the exception of the arms. If arms are at or below shoulder height but not in alignment with the body (straight arms either in front or on the side of the body), judges can deduct between 1/2 to 2 points at their discretion according to the degree of the mistake.
- 11. A break in position at or just before entry can have a deduction of 1/2 to 2 points at the judge's discretion. An intermediate break of position can receive no more than 4.5 points by each judge (Head Judge will announce this to other judges). If a dive is done in a completely different position than announced: for example back triple tuck instead of back triple pike, the dive can only receive a maximum of 2 points.
- 12. All dives submitted in a list must consist of at least 180 degrees of rotation around a horizontal axis.
- 13. Otherwise general diving rules and guidelines set by FINA apply.

Women: Competition Format & Rules

Dives: 3 dives

One day: 1 required and 2 optional dives

Required dive: 1 dive from any of the 9 groups: Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives. DD limit 2.6. The dive must match the 2.6 DD or be above it to receive 2.6, for example a dive with a DD of 2.5 will only receive 2.5. Optional dives: 2 dives must be from different groups from the 9 Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives.

None of the dives can be repeated. If the athlete repeats the optional dive then a penalty applies to the 2nd dive, which will be given a maximum DD of 2.6. In addition should the group of the two optional dives be the same, the maximum DD is 2.6

Note that the DD for the woman's competition will add only 1.0 to the FINA table.

Women: General Dive Requirements

- 1. Divers perform 3 dives from a height of 20m. There are a total of nine groups. Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives.
- 2. 1 dive must be from different groups from the 9 Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives. DD limit of 2.6. The dive must match the 2.6 DD or be above it to receive 2.6, for example a dive with a DD of 2.5 will only receive 2.5.
- 3. Optional dives: 2 dives must be from different groups from the 9 Front, back, reverse, inward, front twists, back twists, reverse twists, inward twists and all arm stand dives.
- 4. A list of dives for each diver shall consist of one required dive with degree of difficulty of (2.6), and two optional dives assigned a degree of difficulty computed from the 2010 HDA table.
- 5. <u>Starting Order:</u> The starting order shall be determined by a lucky draw before the first day of competition.

Competition: One required and two optional dives.

The final round will be in reverse starting order, which is determined by the total score of the first two rounds. The lowest score goes first and the highest score goes last etc.

6. The divers can change the second optional dive after the second round. The head judge has to be notified five minutes after the end of the second round. None of the dives can be repeated. If a diver repeats her optional dive then a penalty applies to the second dive, which will be given a maximum DD of 2.6. In addition should the group of the two optional dives be the same, the maximum DD is 2.6.

- 7. <u>Balks</u> will receive a 2 point deduction from each judge for the first balk. Another 2 point deduction for the second balk and be considered a failed dive on the third balk. A balk is considered an interruption in movement after the diver does her press immediately before the dive. For arm stand dives it is the point when both feet leave the platform (use FINA definitions).
